Our Offering

All-Inclusive Payment *Solutions*

Opulence Pay has, and will continue to develop innovative solutions and technological advances to meet any merchant's needs as a one-stop-shop establishment, for an easily attainable and financially prosperous outcome for all the years to come.

✓ **Credit/Debit**

We offer a full range of payment processing solutions via in-person, online, and mobile payment through the most up-to-date and secure equipment on the market.

✓ **ATM**

We provide ATM sales and support for businesses ranging from convenience stores to financial institutions.

✓ **Merchant Cash Advance**

Opulence Pay offers a unique opportunity for quick and easy cash flow for businesses with no need for collateral, regardless of credit scores. Obtain access to additional funds for expansion, payroll, inventory, or working capital.

✓ **Consumer Lending**

Opulence Pay provides the opportunity for our merchants to offer their customers quick and competitive lines of credit— with unsecured consumer loans from \$5,000 to \$250,000 with a simple online application. Consumers will get the service they need immediately with instant funding to merchant bank accounts.

✓ **ACH**

We provide secure, dependable, and automated recurring billing solutions for electronic fund transfers, an excellent alternative to paper checks.

✓ **Reporting & Statement Retrieval**

A unique tool developed exclusively by Opulence Pay. The Payment Connection provides a single dedicated merchant portal for reporting and statement retrieval.

✓ **Commercial & Personal Lending**

If merchants need a new piece of equipment, startup funding, or are behind on operating expenses, Opulence Pay offers various solutions to provide instant capital. With high purchasing limits and more favorable payment options, our loan solutions are flexible and offer affordable repayment.

✓ **Gift Card and Loyalty Programs**

We can help merchants establish a gift card or customer loyalty card program using standard card terminals. No additional equipment is required.
